Native Day is celebrated the fourth friday in September in both Nevada and California. The Reno-Sparks Indian Colony acknowledges the invaluable contributions the Numu, Newe, Washeshu & Nuwuvi have made to current lands now known as Nevada. Our Great Basin tribes continue to help shape future generations and the RSIC is a driving force in leading Nevada Great Basin tribes into a sustainable future. We honor our past, present and future to ensure our resiliency and exercise our sovereignty. The RSIC Language & Culturel Program hosts an annual Native Pride March around the RSIC Reno community. The march was led by the Hungry Valley Volunteer Fire Department fire engine. The RSIC tribal police ensured our safe passage along the high trafficked Mill St. and E.2nd St road ways. Our RSIC leaders lead the community along a well traveled route around the RSIC community.

Youth marched with signs in hand proclaiming their Native pride. Elders came out of their homes to greet the marchers with friendly smiles and waves. Relatives greeted each other and gave encouraging gestures. After the march everyone assembled into the Reno gym to listen to Chairman Melendez read the Native Day proclamation. The dinner was provided by Nat's Tacos and team. We prayed over the meal and were served by the RSIC UNITY group.

Participants were able to captured photo memories thanks to Adriana Guiterrez’s Glam booth. We ended the night round dancing to Jamie Stump and Toby Stump’s round dance songs. Some participants were also inspired to share some circle dance songs to the line up.

The RSIC Language & Culture program would like to thank RSIC leadership, H.V. Fire, Tribal Police and volunteers for helping make the event a great success. Your RSIC language & Culture program is looking forward to fall and winter cultural community programming.

Indigenous Peoples Day at TMCC with RSIC Tribal Chairman

RENO, Nev. - It isn’t officially recognized everywhere. On some calendars it’s still Columbus Day, but here in Reno and on the campus of Truckee Meadows Community College Monday, it was Indigenous People’s Day. The school marked the occasion with dance, demonstration, and a history lesson.

The outline of that history was a timeline that stretches back before that other claimant for recognition for this day ever set foot in this hemisphere. A long, sad list of losses from the physical violence of war and eviction from ancestral lands to the cultural violence of enforced reeducation in boarding schools.

A history that includes the loss of life, culture and language.

But that history is finally being told, and Indigenous Peoples Day and events like this are part of that recovery.

“I believe it’s recognizing the struggles we’ve been through,” said Chairman Arlan Melendez of the Reno-Sparks Indian Colony. “But it recognizes the pride we have in being who we are. So, I think that’s really the story.”

Nevada has been home to four different tribes, each with their own culture and language. That too, is being recovered.

Cont...on page 7
“We’re starting to build that back up through education,” says Melendez. “We teach Paiute and Shoshone in some of the language classes here and at UNR for example, as well as some of the high schools.”

Those are important steps for today’s generations of Native Americans, but Melendez says a clear-eyed look at that often tragic history, along with an appreciation for what remains, has value for all of us.

“How Native Americans look at the earth, how we look at life and recycles. And so we want them to really understand and learn from Native American practices that still work today.”

COVID-19 Vaccines for Adults
COVID-19 is still around and there is no way to know how it will affect you. It’s important to get vaccinated.
COVID-19 vaccines are safe and effective, and can prevent serious illness, hospitalization, and death from COVID-19. It is recommended that eligible ages stay up to date on their COVID-19 vaccines, which includes getting booster doses when eligible. The vaccines are your best protection against COVID-19.

COVID-19 Vaccines are Safe & Effective
As of July 2022, over half a billion doses of COVID-19 vaccines have been safely administered to adults, children, pregnant persons, and people with underlying health conditions in the United States. We know the COVID-19 vaccines are safe and effective because they:
- Were developed using science that’s been around for decades
- Meet standards for safety, effectiveness, and quality
- Are the most monitored in history

Common Side Effects
- Pain at injection site
- Fever / Headache
- Tiredness
- Chill
- Body aches
- Nausea / Diarrhea

NOTE: Severe side effects, such as blood clots, have been reported to occur and are taken extremely seriously by healthcare officials. Talk to your healthcare provider if you have questions.

To Find a Vaccine Site near you: Talk to your healthcare provider

---

COVID-19 Vaccine for Kids
There is no way to know how COVID-19 will affect your child, even if they do not have underlying health conditions. Just like adults, children can get very sick and experience long-term complications from COVID-19. The vaccines help prevent your child from getting very sick or being hospitalized from COVID-19.

Getting your child vaccinated against COVID-19 can provide you with greater confidence for them to participate in childcare, school, and other activities.

Things to Know
- The vaccines are safe and effective.
- Children under 12 receive a smaller dose than teens and adults.
- Children who had COVID-19 should still get vaccinated.

Common Side Effects
- Pain at injection site
- Fever / Headache
- Tiredness
- Chill
- Body aches
- Nausea / Diarrhea
Support wherever and whenever you need it.

Kids and COVID-19 Vaccines: What Parents and Caregivers Need To Know

Children as young as 6 months of age can get a COVID vaccine.

Both COVID-19 mRNA vaccines are safe for children as young as 6 months of age. Children receive the same vaccine as adults, but the dose is smaller depending on their age.

Children are as likely as adults to be infected with COVID-19 and can spread the virus to others. Children can also get very sick and have short and long-term health complications from COVID. Both vaccines are effective in reducing the risk of COVID disease and its possible long-term effects. Side effects from the vaccines are usually minor, including fever and soreness where the shot is given.

Contact your local health care provider, clinic or pharmacy to get your child vaccinated.

Planning Department Updates

Thank you to all of the residents and employees who completed our Community Survey for the 2040 Comprehensive Plan. We received 159 responses by the September 30 deadline.

If you would like to learn about the Community Survey results as well as the content and schedule for the 2040 Comprehensive Plan, please attend our upcoming community meeting. The Planning Department will hold one virtual meeting during October. Details are provided below.

2020 Comprehensive Plan Community Meetings in October

Thursday, October 27: Virtual Meeting at 6:00 p.m. To participate, please check the Planning Department HUB website (https://rsic-planning-rsic.hub.arcgis.com/) for the Zoom link information. The link to the HUB is also provided on the RSIC Planning Department web page.
Greetings,

Senior staff thanks everyone who came to help volunteer for this year’s Senior Fun Day. All the elders who attended had a really good time, there were lots smiles and laughs. We received many compliments from attendees, acknowledging how helpful and pleasant staff and volunteers were. Some of the seniors thought we had catered the meal and were very surprised to learn that our amazing staff prepared and cooked the meal. The seniors enjoyed the Hawaiian dancers and the stories. The information tables and presenters were well received and helpful. Ping Poom Pow brought Hawaiian Shaved ice for everyone to enjoy.

We couldn’t have had such a successful event without everyone’s help. We appreciate and thank every one who helped in so many ways.

Thank You from the Senior Center Staff

Dolly, Teresa, Milo, Mary, John, and Josephine

The Spotlight

For a photographer, this special can be very challenging and very creative. The spotlight special is what I and everyone that comes to the Numaga Indian Days Pow Wow look forward to. As the lights go out and the excitement begins to build, as the MC announces the dancer and the spotlight illuminates the dancer, and the drum begins to beat, the dancer becomes a spectacular sight to see and with every drum beat the dancers movement become art and style. An element that captivates my creativity and blending the movement, the moment, the excitement, and having the right lens, the adjustment settings on the camera. Not every image taken, does not always come out perfect. But for me, the performance begins when I get home and load up to the computer. With adjustments, here is what my eye sees. As most, it has been two years since our last pow wow. I dream and plan for next years spotlight special, this year the moon played a part in the composition, I watched during the evening where the moon will be as the evening grew and when the special is planned to begin. I hope you enjoy these images as much as I do.

General Election 2022

✅ VOTE

YOUR VOTE CAN MAKE THE DIFFERENCE

The 2022 General Election in Washoe County and Nevada is on Tuesday, November 8th. All registered voters in Washoe County will receive a mail-in ballot (essentially an absentee ballot). Of course, you will need to register to vote if you haven’t already done so. Same-day registration is available during early voting and on Election Day.

Please consider current and possible directives, COVID mitigation practices, voting access, and trajectories of COVID-19. Staff recommends to complete and submit the consent forms with the acknowledgement of commitment. To be consistent with CDC and Washoe County Guidelines for public spaces and public gathering, the Colony will work closely with Washoe County Voter of Registrar.
